D.- Other applicable rules:

- The Scale will be applied taking in consideration the claimed amounts in each arbitration, or the economical value of the dispute, which will be determined by the Court.
- Administration expenses and Arbitrators fees will be calculated separately for claims and counterclaims.
- Arbitrations with an economical value initially undetermined will be calculated on the basis of 50.000 €, without prejudice of its subsequent determination.
- When the arbitration is international in view of the Court, and taking into consideration the applicable legislation, the maximum bracket of administrative expenses and arbitrator's fees may be increased by 20%, at the discretion of the Court.
- The application of the maximum or minimum of the Scale will be a discretionary power of the Court.
- In case of three arbitrators, each of them will be remunerated following the Scale.
- The Court will be entitled to a 10% of the Arbitrators' fees, that will be invoiced after the arbitration is concluded
- The services rendered as appointing authority will entitle the Court to charge 2.000 € for each appointed arbitrator.
- Los sums indicated in the sections above will be increased by VAT and other taxes applicable thereto at each moment.
- The administrative expenses and Arbitrator's fees do not include the expenses in which the arbitrator's may incur, which will be paid by the parties once justified by the arbitrators and approved in whole or in part by the Court.
- The Scale will be applicable to arbitrations initiated after April, 1st, 2011.
